GE Value Line™ Vertical Hollow Shaft WPI Ball Style Non-Reverse Ratchet Motors

5 HP, 3600 RPM, 143T, 230/460V, TEFC

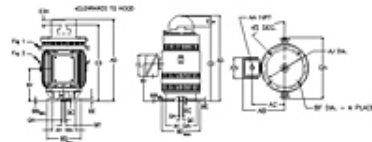

GE Motors Value Line vertical hollow shaft (VHS) WPI product line is a high thrust design intended for deep-well pump applications. The Value Line product offering ranges from 5 - 300 horsepower and is compatible with a variable speed drive.

Mechanical

- Motor type: Three phase induction
- Cast Iron frame and endshield
- Guide bearings on frames 213-449 are supplied with grease lubricated ball bearings
- Rotor: cast aluminum
- Ground terminal inside conduit box
- Enclosure: WPI with improved rodent protection

Electrical

- Voltage 230/460 and 460 ±10%
- HP range: 5 through 300
- Insulation system designed to meet MG1-31 at 460 volts for IGBT drive compatibility
- RPM 3600, 1800, 1200 at 60 Hz
